Mr. and Mrs. Henry Kilken and family of Bethesda, Md., were guests of friends in town last week end.

Miss Methel Packard returned to her home Wednesday after several days at Montello Manor, Lewiston.

Mr. and Mrs. Garold Kingsbury and daughter, Karen, were guests of relatives in town over the week end.

BETHEL PLAYERS NEED TALENT

Bethel Players plans for three one-act plays remain tentative pending the casting of "The Monkey's Paw," a dramatic mystery which calls for four men and one woman. Clinton Jenkins has agreed to direct this play. The other two plays have been cast and are ready to go into rehearsal.

At a meeting held Monday, Mrs. Warren Hastings, club president, announced that tentative production dates have been set for Friday and Saturday, November 20 and 21, at Bingham Hall. However, casting must be completed for the third play by this week end in order to provide the necessary time to prepare for these production dates. If there is anyone interested in contributing their talents, kindly contact Mrs. Hastings or Clinton Jenkins.

It is earnestly hoped that enough interest will be shown to complete the casting. Since the Players reactivated over a year ago for the purpose of continuing the Bethel Community Center Fund, and added \$800 with the proceeds of two successful productions, they are hopeful of having their fall production as planned in order to further boost this fund.

Rev. Robert Jackson was in Livermore recently attending a meeting of the Nazarene Young People's Bible Quiz Committee of which he is a member.

Members and friends of the Church of the Nazarene attending the Billy Graham Rally in Portland, Tuesday, were Miss Patty Jenkins, Miss Betty Jenkins, Miss Beverly Jackson, Miss Betty Ann Fuller, Miss Kathy Flagg, Miss Rhonda Brown, Mrs. Harold Fuller, Mrs. George Barlow, Robert Jenkins, Albert Jenkins.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The town highway crew will stockpile the sand for winter this next week. It was originally planned to do the Town Road Improvement on the Chapman Road off the Northwest Bethel road next but it is getting late in the season and sand will be put up now. We will put up about 1400 yards of sand mixed with rock salt. This is a little more sand than ordinarily is stockpiled but there isn't any left from last winter. Although last winter was a good one for plowing, more sand was used because of the large number of small storms.

A new Director of Civil Defense and Public Safety was appointed last week by the Selectmen. John Greenleaf was appointed to fill the vacancy created by the resignation of Steve Jacobs early last summer. Mr. Greenleaf will be in contact with the members of the Civil Defense Force and he plans to have a meeting of the whole organization a little later.

The planning board held a meeting last Thursday evening. The subjects discussed were zoning, mobile homes and signs. Mr. Heywood of the planning board presented the chairman of the planning board and the town manager with an up-to-date revision of the zoning ordinances and building code.

Some people are not able to get to the town office during the regular office hours to register to vote so I have set aside one evening before the election for registration. I will be in the office on the Friday evening of Oct. 30, 1964, from 7:00 p. m. to 9:00 p. m. to register persons who are unable to get to the office during the regular office hours.

NEWRY TO START CONSTRUCTION OF SCHOOL BUILDING

After three months delay the Newry School Building Committee has received permission from the State to start construction of the new elementary school.

At a special town meeting in July it was voted to build a new two room elementary school. The project has been held up since that time awaiting approval of building plans by the state. A five acre lot for the new school was purchased from Mrs. Bessie Learned for \$500 and a well has been drilled at a cost of \$1,668. Some grading was done on the lot last week and excavation for the basement was scheduled to be done this week.

Bids for construction of the building will be received and it is expected that the contract will be awarded next week. It is said that the contract will have a two months time limit for completion of the building.

The building will be 48 by 56 feet with the basement constructed according to approved plans for a bomb shelter. There is a possibility that there might be some reimbursement on this type basement at a later date. The building will contain two class rooms, teacher room, janitor's room, lavatory and toilet facilities. One class room will run the entire length of the building and will have a movable partition. This may be used as one large or two small rooms. The new school, when completed, will replace the two one-room schools now in use.

The Week in Oxford County

U. S. Senator Margaret Chase Smith was guest speaker at the meeting of the WSCS of the Franklin Street Methodist Church, Rumford, Wednesday evening at 8 o'clock. Her topic was Our Responsibilities as Christian Women in Today's World of Conflicts.

Mr. and Mrs. Earl Rowell of West Sumner sailed last week on the "Christoforo Colombo" for a six-month holiday in Palma, Spain. They will visit friends.

Public hearings on proposed modifications on the Androscoggin and Penobscot Rivers will be held next month. The Androscoggin River's interstate tributaries will be considered in a hearing set for 2 p. m., Nov. 10, in the selectmen's office in Bethel. The hearing schedule was published Monday by the Natural Resources Council of Maine.

Rainfall over the past week has lessened the fire danger in the woods considerably.

Oxford mill reports over 3200 tons of paper shipped out

in less than a week's running after the strike. This output was credited to the effort of the sales managers and the fine co-operation of the employees in the manufacturing department.

Harold T. Wiley of the Norway-Paris Kiwanis Club has been elected to the office of Lt. Governor of Division Eight at the recent Kiwanian Convention held at Mount Washington Hotel, Bretton Woods, N. H.

Mr. and Mrs. Wiley's home is at 3 Packard Ave., Norway. Bonita Ellingwood, West Paris; Melney Record, West Paris; Barry Campbell, Canton, are delegates to the National 4-H Club Congress, Chicago. They will go with other Maine delegates to the Congress by chartered bus, leaving Nov. 29 and returning December 4.

The second in a series of three Civil Defense meetings by the University of Maine for Oxford County was held at Norway Tuesday evening. About 25 attended this meeting. The third meeting will be held in Rumford.

RESOLUTIONS OF
RESPECT

Whereas it has pleased Our Heavenly Father to call from our midst our beloved sister, Mabelle Hibbs, and in view of the loss we have sustained—

Therefore be it resolved, that it is a just tribute to the memory of the departed to say, that in mourning her passing, we mourn for one who has been in the Grange for over fifty years, and was a cheerful, and diligent worker while she was able—

Therefore be it further resolved that we spread a copy of these resolutions on our records and have a copy printed in the Bethel Citizen.

BE ALERT FOR ANIMALS ON THE ROAD

A recent outbreak of highway accidents involving deer and moose has brought a word of caution for motorists from Fish and Game Commissioner Ronald T. Speers.

Commissioner Speers points out that with the fall mating season at hand, these animals are becoming more active and are more likely to show up on the roads where they present a hazard to motorists.

Drivers are urged to remain alert for animals on the road, especially at night. Besides destroying the animal, a collision could result in heavy damage to the automobile and injury or death to its occupant. Recently, near Houlton, a driver hit and killed two moose and did \$300 to \$400 worth of damage to her car.

In another accident, a moose was crossing the road near Belgrade and was frightened by a passing truck. The moose ran into an electric fence, pulling up one fence post and throwing it about fifty feet. The impact pulled the insulators off six fence posts, one landing on the roof of a farm house about 85 feet away, while flying pieces of other insulators broke some of the porch windows.

LOCAL GIRL SCOUT LEADERS ATTEND TRAINING SESSION

A Telstar Neighborhood Girl Scout Leader's Course was held on Monday from 10 a. m. to 2 p. m. at the Rumford Point Congregational Church basement, with 14 leaders present from West - Peru, Dixfield, Mexico, Bethel, and Hanover, under the direction of Field Director, Miss Elizabeth Allen, Auburn. A Scout nosebag lunch was held at noon, and coffee was served by the Hanover leaders, Mrs. Pat Burger, and Mrs. Hilda Chase.

Refresher courses will be given in the future, the dates to be announced.

A Telstar Neighborhood meeting will be held Nov. 17 at 7:30 p. m. at the Point Church, and Miss Allen will preside.

Bethel leaders attending the Monday session were: Mrs. Stanley Davis, Mrs. Seymour Butters, Mrs. Dale Thurston, Mrs. Rodney Brooks, Mrs. George Olson and Mrs. Dana Brooks.

HOW TO SPLIT YOUR TICKET

A meeting of the Oxford County Republican Committee was held Tuesday at South Park when it was stated that recently it has come to the attention of the Committee that various persons in the county, whether deliberately or inadvertently, have apparently stated to potential voters that they would be liable to spoil their ballots if they split their ticket in the coming election.

To set the record straight, the following is a quote from Chapter 3A of the Revised Statutes of Maine for 1954 as amended to date, Section 88, Subsection 11, as follows:

Split Ticket. If he (a voter) wishes to vote a split ticket, he may do so in either of 2 ways:

A. Party Square Method. He shall first place the mark in a party square. He shall next draw a line through the name

of each nominee of that party for whom he does not wish to vote. He shall place the mark in the square at the right of each nominee under another political designation for whom he wishes to vote.

B. Individual Square Method. He shall place the mark in the square at the right of each nominee for whom he wishes to vote regardless of political designation, leaving all party squares blank.

Therefore, it would seem to be accurate to state that the Legislature has thus put its stamp of approval on two accepted methods of split voting. If the voters use either one of the methods above mentioned and follows the method selected accurately, there would seem to be no danger of his ballot being spoiled.

PRE-PLAN FOR FIRE EMERGENCIES

If you want to protect your family from the hazards of fire, pre-plan escape routes from every room in your home.

This was a special Fire Prevention Week recommendation from Fire Chief Roderick McMillin.

"Planning ahead for fire emergencies would save the majority of lives lost yearly in home fire," says Chief McMillin. "And home fires cause over 6,000 deaths annually, National Fire Protection Association records show."

He urges every family to follow these rules to avoid being trapped by fire:

1. Carefully figure out at least two routes to the outside from every room in the house.
2. Rehearse exit plans with every member of the family. Make sure the entire family, including the youngest children, knows what to do.
3. Always keep exit routes clear. Don't place stoves or space heaters near doors, or tall furniture in front of windows. Make sure bedroom windows are large enough and low enough to serve as emergency exits.
4. Be sure everyone, especially the children, understands that "once out—stay out." Re-entering a house where there is fire is extremely dangerous.
5. When the house is clear of people, notify the fire department. Know how to do it quickly and correctly.

of each nominee of that party for whom he does not wish to vote. He shall place the mark in the square at the right of each nominee under another political designation for whom he wishes to vote.

B. Individual Square Method. He shall place the mark in the square at the right of each nominee for whom he wishes to vote regardless of political designation, leaving all party squares blank.

Therefore, it would seem to be accurate to state that the Legislature has thus put its stamp of approval on two accepted methods of split voting. If the voters use either one of the methods above mentioned and follows the method selected accurately, there would seem to be no danger of his ballot being spoiled.
